MEMORANDUM FOR: Special Assistant to the DD/S for Special Studies
Director of Personnel

SUBJECT : National Civil Service League Award

Reference is made to previous conversations concerning the possible nomination of Colonel White for the League Award. As you recall the Secretary of the NCSL had asked us to wait until after the elections before discussing the qualifications of the nominees for the Award. To be certain that we do not lose any time I request the two addressees to get together and make arrangements to meet with the Secretary of the NCSL to discuss the qualifications of Colonel White. Please report your actions in this regard.
